Anderson needs a good roller-process wheat mill. One that would make fifty barrels of flour a day would, we believe, be a profitable investment, and would help both town and country. Let there be an effort to get one established.

Welling, assisted by Mrs. A. P. Johnston, Mrs. A. W. Todd and Mrs. Welling. The first brick, which was laid by Mr. Welling, was answered by Mr. A. W. Todd, the reverend, and it is to be preserved and retained to the first couple married in the new Church.  
At the examination of teachers last Friday and Saturday, only nine certificates were granted. Several of both colors applied, but failed to pass the examination and got no certificates. Only two colored persons succeeded in passing—one receiving a second grade certificate and the other a third grade. The School Commissioner informs us that the questions are considerably tougher this time than they have been heretofore, and that some of them were entirely unnecessary, if not unreasonable.  
On Monday afternoon two men left the city together in a buggy. Both of them had imbibed pretty freely of whiskey, and when about three miles from the city, on the Greenville road, they became involved in a quarrel while riding along. One of them suddenly seized the other and his horse reared and ran only a few rods before the man who was in the saddle, a gentleman living near where the road occurred found the car in the road Tuesday morning. He picked it up, washed the dirt off and sent it to the unfortunate man. We did not learn the names of the parties.

The marriage took place at the residence of Colonel Joel Foster, and was a brilliant affair. The ceremony was performed by Rev. J. M. Ariele, of Cowpens." General Court.  
The Court of General Sessions for the County of Anderson convened on Monday last with his Honor Judge Hudson presiding, and Solicitor Orr representing the State. Upon taking his seat, Judge Hudson charged the Grand Jury in a clear and able manner upon their duties, and entered vigorously upon the administration of justice. The following cases have been disposed of as indicated below:  
The State vs. Charles Wells. Indictment for carrying concealed weapons. Verdict guilty. Sentence \$15.00 and cost, or two months in jail.  
The State vs. Andrew Jones. Compulsory Larceny. Pleading guilty. Sentence six months in Penitentiary.

The State vs. Elijah Teasley and Bessie Thompson alias Bessie Hill. Adultery. Verdict guilty. Sentence six months each in State Penitentiary.

The State vs. John Simpson. Rape. Not guilty.  
As we go to press the Court is engaged in the trial of the case of the State vs. Robert and Mary Gray for murder.  
Judge Hudson and Solicitor Orr are pressing the business of the Court forward with marked energy and ability. It is probable that the criminal business will be completed on to-morrow.  
Williamston Correspondence.  
The shrill noise of the planing machine, the making and laying of so many bricks, the chatter of a cotton gin, and the ringing of the College bell from "early morn till dewy eve," keeps us reminded of the industrious working hands and brain in our especially favored little town, and causes us to send up praises every day from a heart full of gratitude for having cast our lots in such "green pastures and by the still waters."  
We have the great privilege and pleasure of attending good prayer-meetings every week; it keeps our poor hearts cheered on the stormy way of life. In these prayer-meetings our young men speak out the sentiment of their minds full of the spirit, and are letting their "light as a candle" be seen to all eyes. The short, but beautiful remarks made by Prof. L. Lander on the subject of "The everyday works of a Christian's life," were much appreciated and very profitable to his hearers.  
Messrs. Geo. Sullivan and B. Carpenter are in New York purchasing new goods for the coming season.  
We were pleased to learn of the return of Mr. Leland Williams, from Tennessee, to take his old place in business at Piedmont. He was accompanied by his sister, Miss Julia, who is one of the Alumnae of our College, and who will perhaps remain over the winter with her many friends and relatives of this State.  
We are sorry to chronicle the death of Ole Goss, a good, gentle and beautiful old horse which has for years plodded our streets so faithfully. Ole is gone to his long rest, and peace be to his ashes.  
Williamston is putting on a bright, new appearance in the way of the combination fence. Several of our citizens are enclosing their premises with this new and beautiful style of fence, and others speak of doing so.  
One or two families from the country have been in of late, looking out for a new home. We extend to them a hearty welcome, and could certainly supply their wants in a nice home on several of our streets.

The Farmers' Convention.  
The Farmers' County Convention met in this city, in O'Donnell's Hall, last Monday, under the call of D. K. Norris, Chairman County Executive Committee.  
The meeting was opened by Col. E. M. Rucker, Capt. Norris was elected permanent Chairman. Col. W. E. Walters was elected Secretary.  
The election of five delegates to the State Convention to meet in Columbia on the 9th of November being the object of the call of the meeting, as stated by the Chairman, and resolution were passed, which I beg you to submit to your Club.  
Whereas, We, the farmers of Newberry County, feel that the time for reformation and reform is upon us; and whereas, the belief is general that the official positions in the County are more numerous than demanded by the necessities of the people, and economical administration of public affairs.  
Resolved, That a committee of three be appointed to investigate the charges which originate this belief, said committee, after having made a thorough investigation, to report to a called meeting of this body at such time as may be designated by the proper authorities; and that the Secretary be instructed to correspond with all other county organizations, requesting them to take action in this matter, thereby securing unity of action at the State Convention, which will be held in Columbia on the 9th day of November, 1886.

tion were declared elected: M. McGee, D. K. Norris, T. W. Martin, R. P. Clinkscakes and J. Belton Watson; alternates, R. W. Simpson, J. W. Rosemond, D. S. White, J. A. Hall and M. B. Williams, Jr. There being no further business, the Convention adjourned.  
W. E. WALTERS, Secretary.  
Mr. Editor: With many others I went to Anderson last Saturday to attend a meeting of the Farmers' Convention to elect delegates to the State Convention to meet in Columbia in November. The meeting was called by the ex-County Chairman, and if not stated explicitly, it was understood that the meeting would take place in the Court House. Instead of this it appears that a few farmers met in O'Donnell's Hall, elected delegates and transacted other business. Now, is this course calculated to enlist the co-operation and support of the farmers of the County? Is it not probable that there were many farmers at Anderson last Monday who would gladly have participated in the meeting if they had known the place of meeting? If the object of these organizations is to unify the farmers, should there not have been more care and watchfulness in the meeting? These are questions which seem to me to be important, and demand the consideration of the leaders in this farmers' movement. We poor humble farmers, cultivators of the soil, are willing to be humble followers of any great movement promising good to the farmers, but we protest against following so far away. No County organization can bind the people unless made up by them. At any rate, these are thoughts that occur to an humble FARMER.  
The Grand Jury's Presentment.  
To His Honor, J. H. Hudson, Presiding Judge:  
We the Grand Jury of Anderson County at this the third term of the Court of General Sessions of said County for the year 1886, beg leave respectfully to submit the following report, to wit:  
We have reported upon all the bills of indictment handed out to us by the Solicitor.  
We have visited the county offices during our term of service, and find them properly kept.  
We have examined the Trial Justices' dockets and books, and find them in good order.  
We respectfully recommend that the County Commissioners be authorized to make a list of all the records of any importance in their office. We made this recommendation at our first term, but the same has not yet been carried out.  
We respectfully recommend that our members of the Legislature have an extra tax levied, and authorize our County Commissioners to borrow upon such extra levy a sufficient sum of money to pay off all the past indebtedness of our County, and also to borrow an amount of money equal to three-fourths of the general levy, so that our County may be enabled to pay cash for all current expenses. We are satisfied that money can be saved to the County in this way.  
We recommend that the two dollar commutation tax for road duty be raised to five dollars, and be expended by the County Commissioners on the roads whose hands paid the same.  
We herewith present the report of J. C. Whitfield, Esq., who was appointed to investigate the Beaverdam Creek, waters of Rocky River, and respectfully recommend that proper action be taken upon the same by our County Commissioners or Solicitor.  
We respectfully recommend that the County Commissioners build a bridge over Hurricane Creek on the road from Piedmont to Pelzer and Williamston.  
We herewith tender our thanks to His Honor the Presiding Judge, the Solicitor and other officers of the Court, for the courtesy and courtesies extended to us during our term of office.  
C. A. REED, Foreman.

ANDERSON MALE ACADEMY.  
W. J. LIGON, Principal.  
THE property of the Anderson Educational Association, known as the University, having been leased to other parties, I beg leave to inform my friends, and the public generally, that the same time and place will be given to the University exclusively in the business of teaching—Twenty-eight in Anderson County and elsewhere, with a confident expectation of a liberal support from my former patrons and others that I offer my services to the people of Anderson and surrounding country.  
It is my purpose, by careful and unremitting study, to teach thoroughly all the Classical, Mathematical and Scientific branches usually taught in High Schools and Universities, and at the same time, to give attention will be given to those engaged in the elementary and less advanced studies, using for both classes of students the latest and most approved Text Books, and adapting such modern methods of instruction as have received the endorsement of the best educators of our time.  
Special attention will be given to the preparation of students for College, and to those who are unable, for lack of time or means, to take a Collegiate course, my earnest efforts will be made to send them to the best Colleges, and to extend education which will fit them to discharge creditably and efficiently all the practical business duties of life.  
I trust I will be excused if I refer with a pardonable pride, as a result of my life as an educator, to the large number of my former students, of both sexes, who have won the first prize at several right competitive examinations, and to the long list of young men who have achieved success in the learned professions, and conspicuous success in other honorable business vocations.  
It is not my intention to antagonize any other institution of learning in our City, but to give to the students of this Academy a thorough education, and to send them to the best Colleges, and to extend education which will fit them to discharge creditably and efficiently all the practical business duties of life.  
Tuition fees will be \$12.00, \$10.00 and \$20.00 per session, according to the studies pursued by the student. The student will be required to pay for board, and for the use of books, and for the use of the Academy, to cover incidentals. Arrangements have been made by which students may be boarded at reasonable prices in the City.  
Students of my School, boarding at my home, will be responsible to me for their conduct.  
Further information with regard to my School will be cheerfully furnished. Don't hesitate to apply for it.
